DINOSAUR EXPLORE

Wolf Elective Adventure: Digging in the Past

Note: This guide will help your Scout group prepare to complete the “Digging in the Past” Adventure Loop requirements at the new Wild Adventures Dinosaur Explore Exhibit. These activities could be completed during the April 19-21, 2024 Scout Weekend or during another day when Wild Adventures and the Dinosaur Explore exhibit are open.

To Be Completed at Wild Adventures Dinosaur Explore Exhibit:

1. Play a game that demonstrates your knowledge of dinosaurs. Examples include:
 - Find 5 carnivores and 5 herbivores
 - Find 10 facts about dinosaurs
 - Play “I Spy” or “20 Questions” dinosaur style
2. Create an imaginary dinosaur. Share with your den its name, what it eats, and where it lives.
3. Make a dinosaur dig at the Dino Dig site within the Dinosaur Explore Exhibit. Be a paleontologist, and dig through the dinosaur dig made by another member of your den. Show and explain the ways a paleontologist works carefully during a dig.

To Be Completed at Wild Adventures Outside the Dinosaur Explore Exhibit on Your Own:

4. Make edible fossil layers. Explain how this snack is a good model for the formation of fossils. Examples include a layered ICEE from Jungle ICEE or pudding with crushed oreos at home.

Wild Adventures New Dinosaur Explore showcases more than 30 giant animatronic dinos that will move and roar as you explore. These life-sized dinosaurs will be in their very own land where guests will be able to gaze up at a giant brachiosaurus and go eye-to-eye with a T-rex, dig for fossils, and more!

This guide is unofficial and is not affiliated with or endorsed by Wild Adventures. It was created by a fellow Georgia scout leader to meet 2023 “Digging in the Past” requirements. Check your handbook for current requirements.
